

MARY ASTOR, HUSBAND IN AGREEMENT

Battle For Custody Of Daughter Has Ended

By Kelman Morin
Associated Press Staff Writer
Los Angeles, Aug. 12.—(P)—Attorneys for Mary Astor and Dr. Franklin Thorpe announced tonight they have reached an agreement and expect the judge to approve it, ending the custody battle over 4-year-old Marylyn Thorpe, daughter of the movie star and her divorced husband.

They declined to discuss details of the settlement, but said: "The whereabouts of Miss Astor's diary will forever remain a mystery."

"The division of time in which each parent will have the baby is based on school semesters, vacation periods and holidays. They will divide the Christmas vacation time."

Miss Astor made no statement about the program, which was drafted several hours after the principals left the courtroom. Attorney Joseph Anderson said his client, Dr. Thorpe, "is not only agreeable but happy about it."

Dr. Thorpe however, declared: "I'm glad this litigation is all over, but as for being happy about the settlement—well, no, how could I be?"

Both Anderson and Miss Astor's attorney, Roland Rich Woolley, said they have no doubt that Judge Goodwin Knight will approve the settlement plan when it is placed before him tomorrow. Both agreed, "we've been very liberal on the matter of time that the other side may have the baby."

Possibility that a sequel to the suit may be actuated by Mrs. Lillian Lawton Miles and Paul Schofield appeared in their statements that they would take action to clear themselves of assertions made during the trial.

Mrs. Miles was named by Miss Astor as the wife of Dr. Thorpe at the time the surgeon married the actress. Another witness, nursemaid Nellie Richardson, said Mrs. Miles was one of four women who occasionally spent the night in Dr. Thorpe's home after the divorce.

Paul Schofield is a scenarioist who now lives with Dr. Thorpe. His wife, Mrs. Madge Schofield, was another of the four named by the nursemaid as having been intimate with the surgeon.

Appraisal of the probability of a settlement tonight, Schofield said: "Depend upon it, I'm going to take legal steps to refute that slanderous testimony. I can prove it's untrue."

Mrs. Miles made the statement. Anderson said, in connection with this phase:

"Well, I think they've got a basis for a libel or slander action."

Neither Schofield nor Mrs. Miles had an opportunity to appear in court. Only Miss Astor's side of the case had been completed when the trial was interrupted by an out-of-court settlement attempt.

Schofield said he has received "three or four sizzling telegrams" from his wife, now in Missoula, Mont., on vacation.

The settlement tonight was preceded by a warning from Judge Knight:

"The sole issue before us is the welfare of this baby."

Unlimited Wheat and Corn Planting For '37 Discussed

AAA Officials Indicate That Wheat Acreage Will Be Expanded

Washington, Aug. 12.—(P)—A government "go ahead" signal for unlimited plantings of wheat and corn for 1937 was discussed by AAA officials today as the drought cut deeper into the current grain crop.

Definite assurance that wheat acreage will be expanded came from officials after a preliminary conference headed by J. B. Hutson, the acting farm administrator—on next season's soil conservation program.

Some AAA leaders indicated privately that no federal payments for soil conservation next year would be conditioned on restraint of either wheat or corn seedings.

A definite announcement awaited word from Howard R. Tolley, the AAA administrator, whom officials said is conducting a series of field conferences in which producers "will determine for themselves" whether they want any kind of grain acreage.

"Under the 1936 program," one official pointed out, "there was an increase of more than 3,000,000 acres over 1935 in corn acreage and a 13 per cent increase in winter wheat acreage."

He added that, if increased acreage and favorable weather resulted in the accumulation of burdensome supplies next year, there was a possibility Secretary Wallace's "ever normal granary" plan would be invoked. This plan calls for storage of surpluses in good years for use in lean years.

Mr. and Mrs. Frank Wood and granddaughter, Miss Audrey Jean Reeves of Springfield were callers in the city yesterday.

Townsend and Aides To Reorganize Old Age Pension Setup

Expand National Headquarters to Absorb Regional Offices

Chicago, Aug. 12.—(P)—Dr. Francis E. Townsend's old age pension organization tonight expanded its national headquarters to absorb regional offices abolished in a personnel shake-up.

The move was reported by J. P. Charlevoix, assistant to Gilmour Young, national secretary, while one of the aides Townsend discharged was accusing the doctor of "selling" the pension clubs "down the river to Coughlin and Lemke."

Charlevoix said in an interview that the shift in the organization would "give members better service" and "speed up" administration because local clubs would deal direct with the central office.

Regional headquarters eliminated from the set-up had been in New York, Jacksonville, Fla., Chicago and Los Angeles.

To assume their functions, Charlevoix said the national headquarters on Michigan avenue would lease part of the seventh and tenth floors of the building where the Townsends now occupy the full eighth floor.

Dismissal of two of the regional directors—J. B. Kiefer, of Chicago, and William Parker, of New York—was announced last night by Young. He gave "inefficiency" as the reason.

Removed at the same time was Dr. Clinton Wunder, an eastern leader of the pension movement. Young accused him of injecting "politics and political personalities" into his speeches.

Dr. Wunder replied from New York: "I am fired," he said, "because I objected to Dr. Townsend and Gerald Smith (head of Huey Long's share-the-wealth group) doing the very thing they now accuse me of. They have sold the Townsend organization down the river to Coughlin (Father Charles E. Coughlin, Detroit radio priest) and Lemke (Rep. William Lemke, union party candidate for president)."

Lewis to Campaign For F. D. Roosevelt

AFL Reiterates Non-Partisan Policy in Politics

Washington, Aug. 12.—(P)—As the American Federation of Labor's traditional "non-partisan" political policy was being reiterated today, John L. Lewis, president of the United Mine Workers, announced he would campaign in Pennsylvania for the re-election of President Roosevelt.

The two developments emphasized the division within labor ranks over political strategy. Lewis is one of the founders of labor's non-partisan league which is actively supporting the president.

Green, in Rochester, N. Y., for a labor convention, said the federation's only part in the presidential campaign would be to prepare reports on the major party labor planks and the principal candidates' labor records, and send these to all local unions, central bodies and state federations.

"We will send out all data to our members and they will have to make up their own minds," he added.

At its last convention, the A. F. of L. decided to maintain its policy of "supporting friends and lifting foes" politically, regardless of party lines.

Meteorologist Has Turned Polly-Anna

Des Moines, Ia., Aug. 12.—(P)—Looking at it one way, Charles D. Reed, government meteorologist, turned "Polly-Anna" today, even though he did term the 1936 drought in Iowa worse than in 1934, 1896 or 1894.

Moreover he estimated that the continued drought and heat has reduced the potential corn crop yield "several million bushels" below the 185,300,000 bushels estimated August 1.

"But," he added, in his official bulletin, "the corn that survives and makes seed following the two terrible years of 1934 and 1936, should possess valuable drought resistant qualities."

He pointed out that considerable corn produced in 1934 was used as seed this year, since much of the 1935 crop was made unfit for seed by moisture and the extreme cold of last winter.

FINDS DIAMOND

Pittsburgh, Aug. 12.—(P)—Mrs. Sara Modermott, 55, cultivated a weed and found a diamond in suburban Dormont today.

She thought the weed was a marigold plant and built a fence to protect it.

A sparkling object beside the roots attracted her. It was a diamond she lost in 1933.

THREE KILLED BY EXPLOSION IN NEBRASKA

Three More Injured When Trapped In Basement

Lincoln, Neb., Aug. 12.—(P)—Three men were killed and three critically injured in an explosion which trapped them in a unit of the Grainger Brothers Wholesale Fruit and Grocery company here today.

The dead: James C. Moise, 55, of Omaha, Neb.; Fred Brown of Lincoln; Wesley Gillespie of Lincoln.

Moise, manager of the Omaha branch of the fruit dispatch company, died in a hospital tonight, more than eight hours after he was taken from the wreckage of the building.

The bodies of Brown and Gillespie, employees of the company, were taken from the debris tonight, after city and WPA workers dug through the tons of brick and timbers for more than seven hours.

Harry K. Grainger, 42, president of the company and two other men were taken from the fallen building shortly after the explosion occurred late this morning. The other injured are John Johns, 44, and Philip Hickman, both Grainger employees.

Fire Chief Louis Hansen said the cause of the explosion, which occurred in the company's banana room refrigerating plant, was unknown, but could have been escaping chemical fumes or gases.

The explosion in the basement of the three-story building shook Lincoln's wholesale district and broke windows in nearby firms. Power and communication lines in the area were broken. The six men in the basement at the time the structure collapsed.

Secretary Wallace Hopes for Passage Of Crop Insurance

Skeleton Plan Calls for Putting Away Part of Crops

Chicago, Aug. 12.—(P)—Secretary of Agriculture Henry A. Wallace said tonight he hoped the next session of congress would pass a crop insurance law.

He said in an interview that he expected the insurance proposal he first advanced in Kansas City last month would be whipped into legislative shape by the time the session opened in January, 1937.

It had not yet been worked out in detail, he said, but in general it provided farmers would set aside a certain amount of their crops each season as "premiums" in return for having the crop insured by the government.

In good years, these "premiums" would be stored as "insurance reserves." In bad years, they would supplement short crops.

Thus, Wallace contended, the consumer would be protected against unduly high prices and the farmer against unduly low ones.

"The most important thing is to have it widely and thoroughly discussed," the farm secretary said of the insurance idea. "And I think it will be threshed out sufficiently by the time congress meets this winter."

Wallace said it was his opinion that the insurance plan, tied in with the New Deal's present soil conservation program, would "just about answer" the farm problem.

These two subjects, he said, would be discussed at regional meetings of farm leaders he proposed to call "later in the fall" to talk over the federal farm program for 1937.

Mrs. Lane Takes Poison At Havana

Springfield Woman Visiting At Home of Mother

Peoria, Ill., Aug. 12.—(P)—A corner's jury late today returned a verdict of suicide in the case of Mrs. Pearl Lane, 42, of Springfield, Ill., who died in St. Francis hospital this morning. The evidence indicated she took poison.

The jury ascribed no motive for the act.

Mrs. Lane was found unconscious early today in the home of her mother, Mrs. Elvira Meyer at Havana, Ill., where she was visiting.

Her husband, William Lane, was in jail at Springfield on the complaint of Mrs. Meyer that he had beaten his wife.

TO VOTE FOR JUDGE

Bloomington, Aug. 12.—(P)—Voters of the eleventh judicial district will ballot in a special election Nov. 3 to choose a successor to the late Circuit Judge Peter Murphy of Lincoln.

Party chairman of the five counties in the district were notified from Springfield today they have until Aug. 20 to hold county conventions and name delegates to the district convention which, under the statute, must be held not more than 60 or less than 50 days before the election.

Mr. and Mrs. Paul Vasconcellos, 205 Pine street, and her mother, Mrs. Arabelle Coumbes, are enjoying an automobile trip to Chicago and Niagara Falls.

Mr. Vasconcellos, as a representative of the Rainbow Paint and Paper store, will attend sales meetings of several wall paper companies to learn the latest.

Mr. and Mrs. Andy McDonald and daughter of Mercedia were shopping in Jacksonville yesterday afternoon.

Fires In North Woods Out Of Control; Several Towns And Villages Threatened

Another Name in Astor Case

A new name entered the Mary Astor-Dr. Franklin Thorpe legal battle in Los Angeles during the cross-examination of Miss Astor—that of Bennett Cerf, above, New York publisher. Miss Astor testified Cerf several times was her companion in New York in 1935 and he was mentioned briefly in her famed diary. Cerf was divorced from Sylvia Sidnes, film star, in April, 1936.

U. S. Without Legal Means to Enforce "Hands-Off" Policy

Battleship to Be Replaced in Spanish Waters By Two Destroyers

Washington, Aug. 12.—(P)—Without legal means to enforce American neutrality, the administration tonight depended upon its "scrupulous" non-intervention pronouncement to preserve a strictly "hands-off" policy in the United States toward the Spanish revolt.

Official elaboration was withheld on the state department's announcement that this government would maintain "a completely impartial" attitude toward the disturbance. But well-informed sources ascribed the action to two outstanding motives.

1.—To prevent as far as possible, any material American aid from reaching either side in the Spanish hostilities lest it involve this country in possible complications abroad.

2.—Refrain from interfering with the efforts of other nations to localize the Spanish civil war.

While state department officials waited to gauge the effect of its statement of policy, the navy announced that the battleship Oklahoma would be withdrawn from its rescue operations in Spanish waters to resume its normal schedule and that it would be replaced by two destroyers.

The change is to be effected within a week or ten days. The Oklahoma was assigned to the revolutionary area on July 20 to evacuate Americans desiring to leave. The heavy cruiser, engaged in similar work, probably also will be relieved shortly to undergo previously scheduled tests.

Police Round up Escaped Inmates

Four of Ten Who Left During Fire Caught

Mount Pleasant, Ia., Aug. 12.—(P)—Officers in three Iowa towns today rounded up four of the ten inmates of the hospital for the insane here who escaped Monday night when fire swept through a wing of the hospital.

Two were caught at Ottumwa, one at Crawfordsville and the fourth at New London.

"They were just wandering around," Dr. Leonard Ristline, hospital superintendent, said, "and were willing to come along but, though two of them denied their identity as a time."

"Ten to one the other six are heading back to their homes, where we'll pick them up if they're not caught here. None of the ten was dangerously insane."

Professor Piccard Plans Long Flight

Boston, Aug. 12.—(P)—Professor Jean Piccard, stratosphere balloonist, tonight said he planned a new flight 20 miles above the earth's surface in a new type balloon he and his brother, Auguste, were designing.

Piccard, in Boston on his way to New York from Maine where he spent a week's vacation, said his wife would serve as co-pilot.

He said neither the takeoff site nor the probable date for the flight had been selected. He added, however, he might start in Minnesota.

Delay in financing the exhibition, he said, prevented setting an exact time.

"I feel we have already assembled very good data up to 14 miles and must go considerably beyond that height to make really new observations," Piccard said.

"This will, of course, necessitate an entirely new type of balloon."

FAVORABLE VOTE ON MEASURES BY SENATE ASSURED

Aid Program Accepted; Fifth Session Uncertain

Springfield, Ill., Aug. 12.—(P)—Following its usual procedure when faced with a relief crisis, the senate tonight offered no arguments and accepted an agreed aid program which completed, for the time being at least, the business of the second special session.

There was no elation expressed over the accomplishment, however. Instead members were openly glum as leaders predicted they would be called back next week to begin a fifth special session and again in October to reopen the relief issues of the second session which was to be held open by a recess of several weeks.

Only the formality of a final vote remained before the newest relief plan would go to Governor Horner. Since he suggested it, his approval was a foregone conclusion. The actual passage vote was set for midnight, but the members were polled this morning and enough affirmative votes cast in advance to assure approval.

Mr. Horner continued to mull over the decision as to a fifth session. His aids, however, said he would call it, and the governor said if he did so, it would be convened next week.

Senator Louis O. Williams, Clinton Democrat, who late yesterday supplied the first information that a fifth session might be called at once, said tonight that, if ordered, the session would last not more than a month.

"The call will be very limited," he predicted. "On schools, the request will be for consideration of laws to create a school board, shutting out all other school legislation. On the constitutional convention, it will simply be a matter of calling it or turning the proposition down."

These two subjects, he said, would be the full call, but other members said the subjects of central standard time in Chicago, East St. Louis levee proposition, and an appropriation for a natural resources building in Urbana might be included.

Hold Eight for Estate Swindle

Insurance Paid to Wrong Persons

Chicago, Aug. 12.—(P)—Investigating a \$9,451 estate swindle discovered in the clerk of circuit court's office last June, Eugene O'Connor, investigator for the state's attorney's office, tonight ordered the detention of eight men.

Among them was a lawyer and a WPA worker. O'Connor withheld their names and would not discuss reports they had confessed that they may be involved in other frauds upon the clerk's office.

The money involved in the swindle represented insurance paid on the life of the late Weir Williams, salesman, and apparently was paid out by the office on a fraudulent court order.

The swindle was disclosed when the rightful heirs claimed the money. Nick Juffra, one time head of Al Capone's beer delivery service, and Ernest Eckels, a tavern keeper, were arrested several weeks ago and charged with conspiracy to defraud. Released on bond, it could not be ascertained whether they were being questioned.

Flying Across The Pacific Old Stuff

San Francisco, Aug. 12.—(P)—Flying across the Pacific ocean is "old stuff" now.

Departure of the Philippine Clipper today for Manila, 8,000 miles away, marked Pan American Airways' 560,000th mile of aerial navigation over the widest ocean—flown without a mishap.

Company officials meanwhile rushed plans for the inauguration of passenger service, possible this fall.

Construction of hotel accommodations on midway islands, Wake, and Guam, intermediate stops on the route, are moving toward completion.

Elsewhere in the Pacific, interior department "colonizers" are holding forth on three microscopic islands south of Hawaii in the expectation they will provide intermediate stopping places for an American air line to Australia some time in the future.

The Clipper planes shuttle back and forth between Manila and Alameda air base with the precision of ocean liners. Instruments have taken much of the work of human hands and have left fewer chances for error.

ATTACKED, ROBBED IN COAL CAR

Benton, Ill., Aug. 12.—(P)—A man who identified himself as Otto Blink, 63, of New Orleans, was being treated today for a severe scalp injury and a bullet wound in the ankle which he said he received when two negroes attacked and robbed him while riding in a coal car.

Blink, found in the car last night, said the two took \$14 from him.

Charles Lovell of Franklin was among the Wednesday visitors in Jacksonville.

GATHER FOR CONVENTION

Chicago, Aug. 12.—(P)—Lodgesmen of the Fraternal Order of Eagles began moving into Chicago from all parts of the country tonight to open a five day national convocation.

Thirty thousand delegates were expected from the 48 states, the Philippine Islands, Hawaii, Alaska and Canada. Six thousand were reported registered tonight.

Miss Marion Fairbanks, librarian at Thornaby Institute, Alabama, is visiting relatives in Jacksonville.

Borah, Robinson Are Renominated By Wide Margins

Townsend Advocate Put Up By Florida Democrats Tuesday

Washington, Aug. 12.—(P)—Senators Robinson of Arkansas and Borah of Idaho were renominated by wide margins Tuesday despite Townsend opposition, while Florida Democrats put up Charles O. Andrews, an advocate of that old age pension plan, for the unexpired term of the late Senator Park Trammell.

The three primaries brought to 24 the contests in which candidates have now been chosen for the 36 senatorial seats to be filled in November. Eleven states have yet to act, Colorado, Delaware, Georgia, Massachusetts, Michigan, Mississippi, New Hampshire, New Mexico (two seats open), Rhode Island, South Carolina, and Wyoming.

Once the lists have been filled, the senatorial campaign committees of both major parties are expected to intensify their activities. On a call today at the New York office of James A. Farley, the Democratic chairman, Senator Guffey of Pennsylvania again predicted Democratic gains on his side of the capital.

Senator Townsend of Delaware, who heads the Republican senatorial campaign as does Guffey for the Democrats, has expressed hope "that we will pick up several seats." Of those being contested, 23 at present are Democratic, 12 Republican and one farmer-labor.

Robinson, the Democratic floor leader, far outdistanced his two opponents from the time returns began accumulating at Little Rock. Out at Boise, Borah called his own margin "the finest compensation a man can have." His Democratic opponent will be governor C. Ben Ross.

Knox to Address Republican Group In West Virginia

Committee Man Predicts Success in State of Michigan

White Sulphur Springs, W. Va., Aug. 12.—(P)—Colonel Frank Knox, Republican vice presidential candidate, completed plans tonight for his excursion to Huntington tomorrow to address the West Virginia State Republican Convention and open his party's national campaign in this area.

He planned to leave this mountain resort early tomorrow afternoon, going by automobile to Charleston. There he will confer with Walter S. Hallahan, national committeeman, before continuing to Huntington.

His address, the second of a campaign tour which will take him from Maine to Seattle, will be delivered in the city auditorium at 8.30 p.m.

A prediction that the Republican campaign will be successful in Michigan was brought to Knox today by James E. Davidson of Bay City, Mich., Republican national committeeman. They conferred in Knox's suite here, discussing the appearance Knox will make on Labor Day in Alma, Mich., to open the national drive in that state.

Davidson said a "tremendous crowd" would assemble in Alma for the occasion, brought by special trains and automobile caravans from all sections of the state. The meeting will be held on the football field of Alma College, where Knox was a half-back in his student days.

There was every enthusiastic about Michigan, Knox told a press conference.

Selassie Won't Admit "Defeat"

Bath, Eng., Aug. 12.—(P)—Haile Selassie (remember?) still won't admit the modern Romans of Italy defeated him.

He's resting at this seacoast resort, made famous by the invasion of another group of Romans who conquered Britain in ancient times, and hoping some day to reestablish his Ethiopian kingdom.

The conquering Lion of Judah—the King of Kings without an empire—the Negus of his people apparently is more cheerful than at any time since the League of Nations gave a cold shoulder to his plea for financial assistance.

He has taken heart, his spokesman said today, by reports that remnants of his imperial armies were operating in western Ethiopia and hoped to retake Addis Ababa.

"We are in a strong position with an established seat of government at Gore," the Negus' representative asserted. "The chief difficulty is that we are unable to import munitions."

Bank President Runs Down Bandit

Recognizes Man As One of Pair Who Held Up Bank

Benton, Ill., Aug. 12.—(P)—Franklin county jailer E. O. Dial said tonight he had obtained a confession from a robber run down today at West Frankfort by the president of a loan and finance company there.

Dial said a man identifying himself as George Ramage, 38, of East St. Louis, Ill., admitted he participated in one of three robberies of the Limestone and Finance company at West Frankfort implicated two others, Franklin county authorities expected to arrest at least one of the other men within a few hours.

G. L. Limerick, president of the finance company, chased Ramage to the outskirts of West Frankfort and held him for police after recognizing the man as one of two robbers who took \$1,500 in a daylight holdup of the establishment last June 18.

FASCISTS OPEN BIG OFFENSIVE ON TWO FRONTS

Men And Women Fight Side By Side As Loyalists Gair

Madrid, Aug. 12.—(P)—Spain's socialist-communist government tonight hurled troops against the northern seaboard and girded for a merciless purge of southern Fascist rebels in a great offensive to end the bloodshed of civil war throughout the nation.

Loyalist troops battered again at the gates of Oviedo, closed by besieged San Sebastian on the Bay of Biscay, and sought to turn back the Fascist march in that sector.

Far to the south, troops reinforced with new militia volunteers were flung against the African forces imported by Rebel Gen. Francisco Franco.

Aerial bombardment of Fascist Granada, Cordoba and Seville impended.

Notice Unreceived

At a recent meeting of the Jacksonville City Council the aldermen assembled unanimously passed a motion that the traffic ordinances of the city were to be enforced; that the police department be notified of the fact.

Apparently no notice was sent to the department by the council, and not having read of the council's action in the local press, the police have made little effort at any traffic enforcement.

Stop signs are being run as usual. Speed limits continue to be ignored. Careless and reckless drivers are seen daily on the streets.

There was an item in the newspapers a few days ago recording the arrest of four travelers through this city who had failed to stop at a Boulevard Stop sign. They gave Los Angeles, Kansas City, and St. Louis addresses. The arrests were made by a state cop.

It may be that the Jacksonville police force has an insufficient personnel to catch all traffic law violators but certain it is that there are enough patrolmen on the force to apprehend some of the more flagrant violations.

The council said that warnings were to be a thing of the past; that teeth were to be put into the law; that violators of the traffic laws were to be arrested, fined, or otherwise penalized.

We have waited almost a month for some action. When was this fine campaign to start?

The Best Team

Jacksonville will be represented in the national softball tournament at St. Louis, beginning September 15th. The local team will be composed of men who represent the choice of all managers in the league.

The decision to let the skippers of the outfits in the four leagues name their favorites according to ability is much more accurate than the popular vote method. When the latter type of selection was proposed, the remark was made that it often "degenerated into a popularity contest."

Softball has been unusually popular with local fans this summer, and they will be satisfied with the managers' choices.

Softball versus hardball is a popular summer diversion in the way of argument. Players seem to like the newer game and contend that its rules and equipment are more adaptable to night playing. Business men and schoolboys all over the country have become proficient in the game and still retained an amateur standing. The sandlot now is perhaps more often the scene of kitten ball games than the so-called "national game" variety.

Local teams have brought crowded stands to their feet at the Nichols park diamond. One triple play has been executed this year and a number of pitchers have delivered one, two and three hit performances.

The "all-star" squad may prove the superiority of their softball ability at the national tournament in St. Louis. The managers' vote will also be a fairly accurate and skilled opinion of the city's best players.

25,000 Loaves Rot

(Carrollton, Ill., Patriot.)

Twenty-five thousand potential loaves of bread are rotting in a 17 acre field at the west city limits. Longside route 108, in plain sight, and nobody can do anything about it. Many more thousands of loaves in raw material are rotting in other fields of Greene county on account of—don't smile, it's a serious matter—

Planned Economy Through Scarcity!

In the face of a world wheat shortage of a half billion bushels, Greene county alone can account for not less than 5,000 bushels lying in the fields, excluded from use by the "planned economy" policy of the national administration.

Anybody can go out on North Main street and see that 17 acre field, as the writer did Monday evening. Get inside, gather up a handful of wheat stalks, shake out the full heads, and take note that the grains are at least normal in size and fully matured. Nothing wrong with them whatever. Meade Keeley is owner of that field. Last fall he signed up in the crop reduction program for which the present administration is responsible, through Secretary of Agriculture Wallace. He had already sown his wheat before signing a contract, and that contract provided that he should reduce his acreage by 17 acres. All his wheat acreage was allowed to mature. When it was harvested and threshed one field of seven acres averaged 20

bushels to the acre; another field averaged 31 bushels. But this 17 acre field was not harvested in the usual manner. Mr. Keeley went into it with a mower, cut it down, and let it lie as it fell. It is still lying there and will be until it is raked up and destroyed. That method of harvesting a crop was never practiced before this "planned economy" program was put in effect.

Besides adding 4,000 to 5,000 bushels (in Greene county) to the shortage of the wheat crop, and leaving several thousand hungry applicants empty handed in the bread line next winter, there is another point of particular personal interest to farmers in same degree.

Greene county, possibly not all to the In Meade Keeley's case that 17 acre field would have yielded 340 bushels on the lesser basis of his other field, or more than 500 bushels if it produced in proportion to the best plot.

Supposing he receives \$13.50 per acre bonus from the government, he would still have been more than \$100, possibly \$300, better off if he had not signed that contract. Any farmer whose wheat yielded 15 bushels or more per acre would have been better off, would have had full control of his crop, and would have felt better if he values his independence.

Jacksonville Will Send Team to Soft Ball Tournament

All-Star Team to Be Picked from Y.M.C.A. League by Managers

Decision that Jacksonville should send a team to represent the community in the "National Softball Tournament" to be held at St. Louis the week commencing Sept. 15 was made at a meeting of the managers of the Y.M.C.A. Softball Leagues Tuesday night. The tournament is being sponsored by the American Softball Association of which George H. Sisler of St. Louis is president.

The question of the best manner of selecting the team resulted in the decision that each manager should be given one ballot on which he should select from all the players in the Y.M.C.A. League one player for each position, he being allowed to secure any outside advice which he desires. From this balloting, two teams composed of those receiving the highest votes should be built up. These two teams should play a series of games during the week of Labor day. Following this series a committee of managers was to select the players who are to be Jacksonville's representative team. The ballots by the managers are to be cast on Friday and Saturday, ten days hence, August 21 and 22.

It was suggested that Jacksonville's recently re-built All-Star team be asked to represent Jacksonville, but many of the managers felt that this team would not represent Jacksonville's baseball strength.

The manner of financing the team was discussed. It will be necessary to secure from \$100 to \$200 for entry fee and expenses, the sum dependent on the success of the team in their tournament competition. Of the plans proposed it was agreed and approved by the Park board to charge admission for the series of games to be played during the Labor day week between two teams composed of proposed players for the tournament team.

The Park board has also approved a comedy baseball game known as "Circle Ball" to be played Saturday night of this week on the baseball grounds. The game had its inspiration as a result of the popular "Donkey Ball" game such as was played here two years ago. In this game the players ride on most unusual and laugh provoking contraptions as they endeavor to play their field positions or run the bases. Among the vehicles used are "goat pusher, jockey carts, tumble bug, dry land boats, etc." This is something entirely new and will be found to be one of the funniest exhibitions of baseball ever witnessed. The proceeds from the admission charge will be used to pay the entry fee of Jacksonville's representative team. Preceding the "Circle Ball" game there will be a game between the New Method Book Bindery and an out of town team, probably Chapin.

In order to cooperate with the County Fair, the managers took action postponing the games scheduled for August 25, 26, 27, and 28. These games together with any other postponed games during the series will be played off in the order of their postponement immediately following the close of the scheduled series.

A protest was presented to the managers by the Amalgamated Clothiers' Men's team asking that because of the illegal pitching of Riser of the Cosgriff team, the game be awarded to them. By vote of managers of the league it was agreed that the game should be played over and all pitchers were warned that they must pitch in conformity with the rules adopted as official by these leagues, regardless of the manner in which pitching is allowed in other leagues or communities.

A proposal that dust in the playing field might be laid by the use of calcium chloride had been made some time ago but has been found impractical due to the cost, there being a probable expense of \$50 if this chemical were to be used successfully for the remainder of the season.

The question of using used balls in the remaining games of the season was again presented. If the old ball is in excellent condition both as to its color and firmness, it may be used, subject to the approval of the two umpires and the opposing team's manager. If, in their opinion, the ball is not suitable a suitable ball must be provided or the game be liable to forfeiture. The old ball should be whitened with white shoe polish or other suitable preparation.

Kidney Is Cured by Rest, and Division of Its Work Among Other Organs

By DR. MORRIS FISHEIN
Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine

The first step in overcoming a kidney disorder is to determine the cause of the trouble, and the next is to reduce as much as possible the amount of work that the kidney has to do.

In seeking the cause, the doctor examines not only the kidney but all other organs and tissues of the body, since their failure to function may have affected the kidney. The doctor does this by making suitable chemical examinations and determining the chemical changes that have taken place in the patient's blood.

Rest, for the kidney, is especially important in restoring it to health. This rest may be supplied by shifting the work of the kidney to other organs, such as the skin and the bowels, and helping the disturbed organ carry on the little work it has to do.

If the patient rests in bed, the kidney unquestionably will be benefited. Increase in the amount of sweating will give the skin an opportunity to do some of the work ordinarily done by the kidney. Use of mild laxatives and enemas also may shift to the bowel some of the usual work of the kidney.

Finally, a carefully selected diet is especially important. The old-fashioned milk diet is not satisfactory, because it may provide too much fluid, or too much protein, for the individual case. The diet, invariably, depends upon results of the study made by the doctor.

In his examination, the doctor will consider the amount of salt, water, and protein that should be permitted. If there is an accumulation of fluid in the body, such as occurs in the condition called dropsy, it is necessary to control the intake of salt and fluid. If there is a great rise in the amount of urea, or of nitrogen, in the blood, the doctor will have to cut down the amount of protein taken into the body.

At the same time, it is important to see that the patient gets enough vitamins and mineral salts to keep his body at a maximum of nutrition.

FUNERAL NOTICE

Funeral services for the late Sarah McDaniel will be held today at 2 p. m. at the Chapin Christian church. Burial will be in the Jordan cemetery.

The body will remain at the Williamson Funeral Home until 1:30 p. m. today when the funeral cortege will leave for the Christian church.

Directs Verdict to T.A. Chapin in Suit Against Land Bank

County Judge Thomson Fails to Find Evidence to Warrant Trial

Allowing a motion by the plaintiff's attorney for a directed verdict, County Judge William E. Thomson yesterday morning asked 12 jurors selected to hear the evidence to return a verdict in favor of T. A. Chapin in a suit brought by him against the Joint Trust Stock Land Bank of Chicago to determine property rights. The court ended the trial abruptly when it decided the defense had failed to produce sufficient evidence.

The suit allegedly grew out of a series of real estate transfers. According to the opening statement made by Attorney Paul Samuell in Mr. Chapin's behalf, Mr. Chapin purchased the property, and then later deeded it to the Farrell State bank.

While the property was in the hands of the Farrell State bank, the First Joint Stock Land Bank brought suit in another matter and obtained a defi-

ciency judgment of about \$2500 when the Joint Stock Land Bank failed to realize enough from the sale of property in the first suit to satisfy their claim.

The court granted the First Joint Stock Land bank an execution for the amount due from the Farrell Bank, but the execution was returned at the end of 90 days, marked "no property found."

Later, the Farrell State Bank gave Mr. Chapin a quit claim deed to the farm. Following the transfer of the land back to Mr. Chapin, the Joint Stock Land Bank obtained another execution for the funds alleged to be due them from the Farrell bank, and the sheriff was instructed to levy on the crops then growing on the Chapin farm.

The suit was brought to determine what rights the First Joint Stock Land bank had in levying the execution on the farm owned by Mr. Chapin.

Attorney Myron Mills, representing the Chicago company, waived his opening statement. E. E. Crabtree, and T. A. Chapin were among the witnesses to be called in the case.

The two attorneys accepted Charles Grady, Gus A. Bennett, W. E. Kemp,

Huston Cowgill, James W. Scott, Frank Branstetter, Sherman Smith, Henry Frisch, O. C. McCarty, Charles Goodey, T. S. Erickson and Clyde Noudett.

'Buck Passing' Legal in Canada

That universal formula for getting out of tight spots, "passing the buck," has won formal recognition with introduction of \$1 prosperity certificates by the Alberta, Canada, Social Credit government. It's the same old game, but with a few new rules. Those holding the certificates each Wednesday (buck-passing day), must affix a 1 per cent stamp on each \$1 slip. After two years, scrip is redeemable in good Canadian dollars. Mrs. Edith Gostick, member of the provincial legislature from Calgary, is shown buying groceries with one of first certificates issued.

GIVE RECREATION PROGRAM TUESDAY

The program and entertainment given at Concord Tuesday evening in the village hall under direction of Mrs. Beatrice Brockhouse, WPA Recreation leader, was very much enjoyed by the fine audience present. The program opened with group singing, Marvin Mason at the piano. Following several songs Richard Brogradt of Jacksonville sang two vocal numbers. A short one act comedy was then presented entitled "Moral Suction," with the following cast: Aunt Zuby, Helen Brockhouse; Mrs. Johnson, Mary Frances Laughery; Reginald, Barbara Brockhouse; Topsy, Bernita Hundley.

During the intermission music was furnished by Eileen Abernathy, Darrell and Ernest Laughery. Following these musical numbers a pantomime play was given entitled, "Let the Lower Lights Be Burning," arranged by Dollie Tribbett, with the following cast: Stanley Brockhouse, boatman; Dollie Tribbett, lighthouse keeper; Clara Margaret Johnson, soloist.

The two one act plays were well received by the audience and displayed careful training of the participants for their parts.

The entertainment closed with several vocal selections by Richard Brogradt.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes these good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Big Crowd Gathers For Cass County's Farm Bureau Picnic

Several Thousand Persons Throng Into Sweatman's Grove

Virginia—Several thousand persons were in attendance yesterday for the annual Cass county Farm Bureau picnic. It was held at Sweatman's Grove, four miles west of Virginia.

J. Henry Kuhlmann, chairman of the picnic committee made all arrangements to entertain one of the largest crowds in the history of the event.

Starts At 10 A. M.

Events of the day began at 10 o'clock in the morning with the horse shoe pitching contest. Fred Anderson directed this contest. Cash prizes will be awarded for the best singles as well as doubles players.

A full program of events is slated for the afternoon, starting at 1:30. Several musical selections, both instrumental and vocal were given at the opening of the afternoon program, and then the address of the day was made.

J. R. Fulkerson, of Jersey county, president of the Producers Livestock Association commission of East St. Louis, was the principal speaker. Having been closely connected with agriculture and agriculture programs for a period of many years, his address was one of great interest to the assembly.

Baseball in Afternoon

Mr. Fulkerson's address was followed by the baseball game between two Cass county teams—the Bluff Springs team and the Arenzville team. Those who do not care for baseball were entertained at the grand stand during the remainder of the afternoon. A program by 4-H club members was given there.

The evening program consisted of a free motion picture entitled "Under the 4-H Flag" and two reels of educational film as well as a comedy attraction.

The Beardstown high school band played beginning at 12:30 in the afternoon.

Greenfield Couple Seriously Injured: Hunt Other Driver

Two Automobiles Collide Yesterday Morning Near Greenfield

Greenfield—Two persons were seriously injured, and a third, the driver of the other car, was thought to be injured, when two cars collided in a rear-end collision a mile and a half south of the city at 1:30 yesterday morning.

Mr. and Mrs. George Mayberry, of Greenfield, were at their home yesterday in serious condition as the result of severe cuts on their heads, faces and back. They were under the care of Dr. C. O. Bulger.

The car in which the Mayberrys were riding was hit from the rear by a car said by State Highway Patrolman Lucius Woods, of Carrollton, to have been driven by Graham Hulton. Hulton, who was said to have been bleeding profusely, disappeared from the scene of the accident, and a search for him through the surrounding countryside and at his home was abandoned at four o'clock yesterday morning without results.

The force of the collision threw Mrs. Mayberry through the top of the car, and Mr. Mayberry was tossed out the side of the car. Both machines were badly damaged. The Mayberrys were returning to their home in Greenfield.

Jersey Youth Shot In Foot During Hunt

Bullet Removed in Jerseyville; 61 Four-H club Members Enroll

Jerseyville—Harold Griffin, eleven year old son of Mr. and Mrs. Wesley Griffin of the Fieldon vicinity sustained a gunshot wound in the left foot, when a twenty two rifle in the hands of his companion David Johnson was accidentally discharged. Johnson is the son of Mrs. B. M. Brewster of Fieldon.

The accident occurred about two o'clock Monday afternoon a half mile south of Fieldon where the boys were shooting at targets.

Griffin ran short of ammunition and lay down on the ground to rest while Johnson was reloading his gun. Griffin rolled over on his stomach and had his feet elevated in the air.

Johnson's hands were covered with perspiration, and his rifle slipped as he handled it and accidentally discharged. The bullet struck young Griffin in the left foot, the bullet

penetrating the leather of the shoe and passing into the flesh of the foot, lodging under the skin.

Griffin removed his shoe and after examining his foot got out a pocket knife and started to cut the bullet out. Johnson suggested that he better not do it himself for fear of an infection. Together they returned to Fieldon.

Johnson's stepfather is the only physician in the Fieldon vicinity, so the boys enlisted the services of Charles Godard of Hardin whom they met on the street.

Godard brought the youths to Jerseyville to the office of Dr. H. R. Bohannon who extracted the bullet and administered anti tetanus serum.

Roodhouse League Selects Officers

New Officers Will Serve for Next Six Months; Other Roodhouse Notes

Roodhouse.—The Roodhouse chapter of the Epworth League of the Methodist Episcopal church in annual August session elected the following officers to serve until July 1, 1937: Miss Sarah Jane Fraley, president; Miss Betty Fenton, first vice-president; Miss Audrey Martin, second vice-president;

Miss Mary Camp, third vice-president; Miss Peggy Bucklin, fourth vice-president; Miss Mary Ellen Edwards, secretary; Miss Frances Sawyer, treasurer; Miss Marian Locher, pianist; Howard Duty, chorister; Hal Worcester, usher; Mrs. Emma J. Wilson, counselor. The cabinet has made plans for a delegation to attend the annual booth-festival to be held in Quincy, Aug. 25. The Rotary convened in regular meeting place at Durham hotel at noon on Tuesday. The roll call showed three members absent. Urgent business and summer vacations caused the absences. C. T. Bates had as his guest Robert Burdette, a representative of the Alton Railroad Company. Mr. Burdette formerly resided in Roodhouse and made a brief reminiscent talk which was of interest to the club members. Attorney A. B. Johnson entertained the members with a brief description of his vacation trip in Wisconsin. A general discussion of current topics of the day by several members of the club occupied

the remaining part of the allotted time. LeRoy T. Hopkins will be in charge of the program next week.

New Items

The Woman's Foreign Missionary society will meet at the Walter Harns home Thursday evening at 7:30 with Mrs. Marjorie Powers, president, in charge.

The pastors of the Baptist and Christian churches will be out of the city on vacation trips for two weeks. No preaching services in either of the two churches on the Sabbath days. The other four churches will have regular worship.

The Methodist church announces Recognition Day programs for five consecutive Sabbath days. Aug. 16, Good Will Circle day. Aug. 23, Brotherhood Class day. Aug. 30, Pollyanna Class day. Sept. 6, Junior Choir day. Sept. 13, Epworth League day. Each organization will sponsor all programs of the day and will present the major portion of the exercises for the evening hour at 7:30. Each society will be credited with entire attendance and offering for the day and the interest manifested therein. The program or outline for next Sunday is featured by special sermon for the morning worship hour and music by the Junior choir. In the evening, at 7:30, the G.W.C. will be in charge with Mrs. George Richardson presiding. A fifteen minute sermon by the pastor. Special music by members of the circle. A short address by Mrs. Edward Akers. Instrumental music by Mrs. George Innis. Scripture reading by Mrs. Wm. Roodhouse. Invocation will be offered by Mrs. Nannie Savage and the benediction by Miss Nellie Sawyer. Mrs. Mae Johnstone will preside at the organ and Mrs. Ella Richards will be choir organizer and director.

The Young People will present the special features for Sunday school at 9:30 a.m. and 6:30 p.m. Miss Frances Sawyer will have charge of the Epworth League.

School Election Planned in Cass

Propose Addition to Arenzville Building; To Vote August 15

Arenzville.—A special school election will be held in the town hall Saturday, August 15 from 12 noon to 7 p. m., for the purpose of voting for or against the following propositions:

To authorize the Board of Directors of School District 45 to build an addition to the present school building to be used as a gymnasium, study hall, and library for school purposes.

To authorize the board to issue school building bonds of said school district to the amount of \$15,000 bearing interest at the rate of four (4) per centum per annum, payable semi-annually and to mature serially in the sum of \$1000 on October 1 in each of the years 1940 to 1954 both inclusive, and to levy a tax to pay the same.

To authorize the board to incur indebtedness to an additional amount of two and one-half (2½) per centum for the purpose of constructing and equipping addition to the present school building.

If the citizens are in favor of the addition, the federal government will make a gift of 45 per cent of the cost which will amount to \$12,270.00.

The addition would be an asset to the community as well as the school because the auditorium could be used for 4-H clubs, alumni, Woman's club and Farm Bureau meetings as well as a place where worthwhile speakers could be heard by all and the local questions discussed.

To the school such an addition would mean (1) An end to a present overcrowded condition, (2) A satisfactory auditorium for the presentation of plays, debates and the training of student speakers, (3) A large, all weather room in which students could exercise, (4) A chance to comply with the Physical Education Law, thus not continuing to jeopardize the schools' recognition and the ability of its graduates to enter higher institutions without examinations, (5) A place of holding graduation exercises where the platform will accommodate

the class and speakers and no one need be turned away for want of space. (6) Additional classrooms made of the present assembly, relieving present congestion and making it possible to add additional courses upon demand (7) And a probable increase in tuition students. The educational opportunities for the students would be more nearly on a par with surrounding schools and their education would more nearly match those with whom they must later compete and co-operate.

The new addition would be located on the southeast corner of the present building.

RETURNS FOR VISIT AFTER 18 YEARS

Visitor from California Sees Many Changes on Return

L. O. Moore, who left here 18 years ago and has never been back to this city since that time, came back yesterday and had a lot of enjoyment out of showing his native California wife what a thriving central Illinois town looks like. He declared he had been "roasted" about Jacksonville for several years by his wife and family, died in the wool Californians, and it was with considerable pleasure that he saw business hitting a high gear when he came to the city the other day.

Mr. Moore, who is the son of the late Mr. and Mrs. H. D. Moore, who are buried in a local cemetery, lives in Bakersfield, California, where he is employed by the Loose Wiles Biscuit Company as a traveling representative. He made the trip to Jacksonville from his home, 1800 miles in two days, accompanied by his wife, and two children.

It may get hot here in Illinois, he said yesterday morning, but it still doesn't get as hot as it does in his home town in the West. He estimated that 105 degree temperature here would be about 115 degrees in the San Joaquin valley—but the humidity is much lower.

Illinois looked good to Mr. Moore. He declared that agricultural conditions in this state impressed him more favorably than did the prospects in any of the states through which he passed, although he said he hadn't seen any of Iowa or Missouri.

Mr. Moore plans to spend two or three days in this city, and already has visited with relatives in Waverly and Girard. He will continue his trip as far east as Detroit, where he plans to purchase another automobile, and the party will make its way westward again in two machines.

Explains Bill for Fairer Elections

Rep. Green Gets Information on New Proposal by F.W. Rennick

After having received a number of inquiries in regard to a bill which he introduced in the Illinois legislature designed to secure fairer elections throughout the state, Representative F. M. Rennick of Buda, Ill., yesterday mailed out letters to the members of the House explaining his proposal. Hugh Green, local attorney and state representative, received one of these letters and said yesterday morning that several people had been asking him about the bill.

The bill provides for the appointment of both judges and clerks of elections by the county boards at their regular meetings. There is the further

provision that the list of judges and clerks appointed shall be filed with the clerk of the county court and that the county judge shall set a date for hearing on any objections to confirmation. The bill also provides that the county judge shall give notice of the time and place of the hearings.

Rennick's proposal does not apply to cities operating under election commissions. It is designed to remedy the old law under which the judges of the elections picked their own clerks.

United States Entries Climb Back Into Olympic Picture; Washington Crew Sets Record

Berlin, Aug. 12.—(AP)—America swept back into the Olympic picture in spectacular fashion today as the University of Washington cracked the Olympic record for eight-oared crews wide open, Jack Medina and Marjorie Gestring hung up unexpected triumphs in aquatic competition, and the basketball and boxing teams chalked up new successes.

Surprised by the power in Great Britain's shell, the huskies from the American far west, stroked by Ailing Don Hume, had to come from behind to win their trial heat and lower the Olympic record for the 2000-meter distance to 6:00.8. This time compared with the Olympic standard of 6:03.2 established by the University of California at Amsterdam in 1928 and with the German course record of 6:09 set by the Hungarians.

While Washington thus was qualifying for Friday's finals, other American crews were making a dismal showing with the single exception of the Philadelphia sculler, Dan Barrow, who won his consolation heat and qualified for tomorrow's singles semi-finals. Fifth place was the fate of three other American entrants, in the

pair oared with coxswain, four-oared without coxswain and double sculls events.

Medina lowered the Olympic 400 meter free style record to 4:44.5 in scoring an entirely unexpected victory over Shumpei Uto of Japan while Miss Gestring beat out her team-mates, Katherine Rawls and Dorothy Poynter Hill, for springboard diving honors. Meanwhile Alice Bridges and Edith Motridge Searl qualified for the women's 100 meter backstroke finals; Adolf Kiefer, Taylor Drysdale and Al Vande Weghe qualified for the men's 100 meter backstroke semi-finals with Kiefer setting a new Olympic and listed world record with a 1:06.9, and the American girls 400 meter relay team qualified for the finals.

In basketball, the United States, led by Joe Fortenberry and Francis Johnson, defeated Philippines, 56 to 23, and qualified for the semi-finals along with Italy, Canada and Poland.

Louis Laurie, Cleveland flyweight, Andy Scrivani, Chicago lightweight, and Jimmy Clark, Jamestown, N. Y., middleweight, all qualified for the quarter-finals but Arthur Oliver of Chicago was eliminated in the heavyweight division.

Gabler Cracks Out Triple With Two On in 12th; Giants Win 2-1

Brooklyn, Aug. 12.—(P)—Young Gabby Gabler smashed out a triple with two mates on base today to break up a 12-inning thriller and gave himself and the New York Giants a 2 to 1 victory over the luckless Dodgers.

For 11 innings, Gabler and Van Mungo pitched scoreless ball, the latter holding the New Yorkers to five hits. After Gabby drove in the winning runs, the Dodgers threatened to tie it up in their half of the 12th, but Carl Hubbell came to Gabler's assistance and pulled the game out of the fire.

Yankees Unlimber Big Guns to Down Senators 11 to 7

Put League Lead Back to Eleven and Half Games

New York, Aug. 12.—(P)—With the aid of the Yankees' siege guns, Bump Hadley chalked up his 11th straight pitching victory today as murders' row downed the Washington Senators 11 to 7 for their only win of the three game series.

Although the American League's leading pitcher was touched for ten hits, including a homer by Ossie Bluege, he was never threatened after the fourth when his mates staked him to a 6-1 lead to put the game on ice.

The victory, coming at the same time as the setback of the second place Cleveland Indians by the Tigers, booster the Yanks' league back to 11 1-2 games.

The Yankees fired a 13-hit attack, including Jack Powell's fourth homer of the season, at Earl Whitehill and Sid Cohen in chalking up the victory.

Whitehill, who was belted out in the fifth, was charged with the defeat. Powell celebrated his return to the Yankee lineup by rapping out a single, in addition to his homer, and driving in two runs. George Selkirk was the leader of the attack with three hits, accounting for two of the Yankee tallies.

The Yanks started off the scoring in the third, when a wild pitch by Whitehill netted one run, and Catcher Joe Glenn's single drove in another. In the fourth, Powell's homer with Hadley on base featured a four-run rally, and in the fifth three hits brought in as many runs. Selkirk's triple and Cohen's ball brought another across in the sixth, and the Yanks wound it up in the eighth when Glenn walked and came all the way home on Don Heffner's three-bagger.

Bridges Makes It Four Straight Over Indians

Cleveland, Aug. 12.—(P)—Tommy Bridges took his fourth straight victory over the Indians today as the Tigers won, 7 to 4.

It ran his season's total to 15 wins, but Hal Trosky knocked him for a home run in the seventh, with the bases empty. It was the Tribe first baseman's 34th long distance clout of the year.

An Indian rally in the ninth halted after Billy Sullivan's double had netted two runs.

Willis Hudlin, still trying for his first pitching victory of the year, was replaced in the ninth by George Blaeholder for the Indians.

Anna State Hospital To Play Local Team

Seek Revenge for Double Defeat Last Year; Win 9 in Row

Anna State Hospital, which last year won a couple ball games from the Jacksonville State Hospital Redlegs, will come here this Saturday afternoon for a game, and the Redlegs have high hopes of breaking up the Anna victory string.

The local club points to its record of nine straight victories as one of the criterions of a victory over the Anna club. It also points to the line-up assembled for the game.

The starting line-up for the local team probably will be Herb Scheffler, first base; Tommy Kline, third base; Eddie Reay, shortstop; "Skeets" Lawrence, catcher; the Keithley brothers, fielders, Red Murtagh, second base; Norman Barnes, center field; and Mike Sweet pitcher. The game will be called at 2 p. m.

BUILDS FIRE ON RUG
Kankakee, Ill.—(P)—There was no objection from mother when Billy Howard, 5, stretched a sheet over two beds to form a tent so he could play camper. There was later, though. That was after Billy built his campfire on the bedroom rug.

Mrs. Howard called the fire department. The loss was minor.

EVA HELEN LOWERY FILES DIVORCE SUIT

Mrs. Eva Helen Lowery filed suit for divorce yesterday morning in the Morgan county circuit court, charging that Roy V. Lowery deserted her Nov. 17, 1934.

The complaint states that the Lowerys were married August 13, 1932. The bill alleges that Roy Lowery abandoned his wife once and 'was placed in the county jail until he agreed to aid in the support of one child, and that the defendant has not lived up to that promise.

The suit asks custody of the child, support for the child, and that the costs of the suit and attorney fees be placed upon the defendant, who is now thought to be living in Rock Island, C. R. Grunty is the attorney for the plaintiff.

Matilda Coultas of Alexander Expires

Matilda Richardson Coultas, wife of Anson Coultas of Alexander, died in a local hospital at 5:20 a. m. yesterday after a lingering illness.

Mrs. Coultas was born near Orleans, October 31, 1882, the daughter of the late Christopher and Jane Hodgson Richardson.

She was active in the Missionary societies and in all church activities. She was also a member of the Orleans Woman's Club.

She is survived by her husband and two brothers, William T. Richardson of west of the city, and Clyde Richardson of Franklin.

The remains were removed to the Gilliam funeral home where they will be prepared for burial.

Funeral services will be held this afternoon at 2:30 o'clock at the Gilliam funeral home, in charge of Rev. J. R. Warlick, pastor of the Alexander M. E. church. Interment will be in Diamond Grove cemetery.

Boston, Athletics Divide Double Bill

Red Sox Win First Game 6-4, Lose Second 6-0

Boston, Aug. 12.—(P)—After Wes Ferrell belted in a 6-4 victory over the Philadelphia Athletics with a pair of successive home runs in today's opening game, the Red Sox failed to follow his batting lead and were shut out, 6-0 by Harry Kelley in the night-cap.

The Sox were out-hit in both contests but Wes gained his 15th pitching triumph of the season by putting two drives over the left field wall in the third and fourth frames. Brother Rick was on first when he bashed out his first homer and the bases were loaded when he cleared that barrier on his next turn at bat.

The Red Sox were held to three hits by Kelley, who hurled a two-hit shut-out against them in Philadelphia earlier in the season. Jimmy Fox got two of the Boston blows, one a two-bagger, and Ossie Melillo provided the other.

Mike Meola, the rookie recently recalled from Syracuse, started for Boston and gave the A's seven of their 10 hits and all of their six runs before he was replaced by Jack Wilson with one out in the fourth. The A's out-slugged the Red Sox 9-7 in the opener, during which Al Niemiec got three for four. He went hitless during the second game.

Pirates Tounce Cincinnati 6 to 1

Bill Swift Allows But 6 Hits and Drives in 2 Runs

Pittsburgh, Aug. 12.—(P)—The six-hit pitching of Bill Swift, who drove in the first two Pirate runs, highlighted Pittsburgh's 6 to 1 victory over Cincinnati today.

The Pirates scored four runs in an eighth inning rally after Don Brennan, Cincinnati hurler, replaced Gene Schott, who had made way for a pinch hitter.

Two errors in this inning aided the Bucs.

The Reds scored their lone tally in the sixth on two singles, a sacrifice and an infield out.

Bernard Lane Weds Miss Johnson Here

Ceremony Performed Tuesday Night Before Large Crowd

Miss Gladys Johnson, daughter of Mr. and Mrs. Welby Johnson, of Pine street, and Bernard Lane, son of Mr. and Mrs. Virgil Lane, 700 North Clay avenue, were married Tuesday night in a single ring ceremony performed before a large gathering of friends and relatives at the Church of God by the Rev. James K. Ward.

The bride wore a beautiful dress of white taffeta, and carried a bridal pillow of baby's breath and tea roses. Her bridesmaid, Miss Ellen F. Madison, wore a dress of blue chiffon, and carried a bouquet of baby's breath and tea roses.

Mr. Lane and his best man, Jess Langford wore blue coats and white trousers.

Preceding the ceremony Miss Marjorie Warlick played a wedding march, and accompanied Miss Loretta Galtier who sang "I Love You Truly." Miss Warlick also played a wedding march recessional at the close of the ceremony.

The bride and groom received their education in the Jacksonville schools. Both young people have been active in the work in the Church of God.

"They will reside for the time being at the home of Mrs. Lane's parents. Mr. Lane is employed by the Jacksonville Storage and Transfer company.

TO HOLD MEETING
The Morgan county colored Republican club will meet at the colored Masonic Hall on the north side of the square at 8:30 o'clock this evening, August 13. All of the members are urged to be present.

Grimm's Strategy Fails As Mize Homers With Two On After Medwick Is Passed

St. Louis, Aug. 12.—(P)—The pitching combination of Larry French and Clay Bryant held the St. Louis Cardinals to five hits today, but two of them were home runs that sent the Chicago Cubs down to second place in defeat, 5 to 3.

Chicago, led by Frank Demaree with four hits and Ken O'Dea with three, failed lamentably to take advantage of 14 safeties off St. Johnson, formerly of Cincinnati and Toronto, making his first start for St. Louis.

The Cards, on the other hand, wasted only one of their five hits, a single by Johnny Mize.

Joe Medwick doubled to start the second inning, went to third on an infield out and scored the first St. Louis run on Virgil Davis' long fly. In the fourth, he came through with a 374-foot homer.

After Terry Moore had singled in the sixth, Charlie Grimm believed it wise strategy to walk Medwick. Mize's answer was a towering home run.

Demaree opened the Cubs' second inning with a single, but O'Dea forced him. Augie Galan followed with a single and it took another safe hit by Phil Cavarretta to produce a run.

Chicago's second tally came in the seventh on Ethan Allen's double and Stan Hack's single.

Three successive singles by Demaree, O'Dea and Galan brought the final run, but it took fine fielding by the Cards to prevent more. When O'Dea tried to score on Bill Jurgens' long fly, Moore cut him down at the plate with a perfect throw to Davis for a double play, the only one of the game.

Drop in Receipts Boosts Hog Prices

Hit Highest Level Since Last September

Chicago, Aug. 12.—(P)—A contraction in hog receipts compared with a week ago coupled with a strong commercial demand from packing interests put hog prices up to the highest level since last September in today's trading.

The market closed active with prices mostly 10 to 15 cents higher, spots 25 up. The new top was \$11.40; although there was some weakening in whole-sale pork prices for low grade loins, the meat trade showed a steady tone, general stability having prevailed in this branch of the trade for more than a week.

Although prices for best grain fed steers are around the best level of the year, the general fed steer market was steady to weak today, with some sales 10 to 15 cents lower. Prices were mostly steady, however, with yearlings and light heifers and mixed yearlings fully steady. The steer top was \$10.

Pat lambs ruled steady to strong although top held at \$10.

There has been a marked decline this week in hog and cattle receipts at the principal corn belt markets, according to trade figures. Hog receipts have totaled 140,000 against 164,000 last week and \$2,000 a year ago. The sheep run has increased compared with last week.

Government estimates indicate total meat supplies in 1937 will be smaller than this year and probably will be almost as small as in 1935, when slaughter volume suffered as a result of the 1934 drought.

Habeas Corpus Plea Granted by Judge W. W. Wright in Court

Order Petition Served on Helen A. Brown; Other Orders Entered

A habeas corpus petition, presented by an attorney for John E. Brown, in which the plaintiff seeks to recover the custody of a son, was granted by Judge Walter Wright in Circuit Court yesterday morning.

The petition alleges that the child is being held by the mother, Helen A. Brown, in Chicago, and that the petitioner has reason to believe that the son's welfare is being neglected. The court ordered the petition to be served on the defendant.

Acting in the matter of the sale of real estate by the receivership of the Ayers National Bank, Judge Walter Wright yesterday morning received sealed bids on an 160 acre tract.

located near the poor farm, which the receiver has obtained permission to sell to Dave Shadid. The high bidder was W. D. Cody, who offered \$7,900 for the property which the comptroller's office approved for sale to Mr. Shadid at smaller price. The court took no action yesterday on the matter.

The court allowed one divorce and issued an order in another. Judge Wright signed a decree granting a divorce to Mrs. Irene E. Bood, and also granted her request that her maiden name of Irene E. Smith be restored. Extreme and repeated cruelty were the grounds for the divorce.

The court allowed Vernon Forwood until Sept. 1 to file an amended complaint in the suit brought by Helen E. Forwood for a divorce. The order included a stipulation that a defendant pay to the clerk of the Circuit Court \$5 weekly for the support of a child born to Mrs. Forwood.

Two orders were entered in suits brought by the First Trust Joint Stock Land Bank of Chicago. In one suit brought against George O. Webster in a foreclosure proceedings, the court made a matter of record the fact that there was no objection on file, approved the receiver's final report, and ordered the receiver to pay over the balance in his hands to the holders of deficiency judgments. The same order was entered in another foreclosure suit brought against Robert D. and Minnie Mawson, et al.

The final report and resignation of the receiver appointed in the case of Nelson H. Greene, as receiver of the Ayers National bank against Edgar E. Crabtree, to enforce stockholder's liability, was filed. The court ruled that all parties objecting to the approval of the report, resignation and discharge of the receiver must file their objections in writing by 9 a. m. of Aug. 19, and also ordered the clerk to notify all attorneys of record.

The master's report with proof with findings in the case of Mabel T. Megginson against William B. Megginson and George T. Megginson, as executors of the estate of the late Ralph W. Megginson, and against them as trustees of the estate, with the objections of the plaintiff were ordered filed. The objections, the court ordered, are to stand as exceptions. The suit seeks partition of property.

In another partition suit, the court approved the sale of property and ordered distribution of the proceeds. The case was brought by Joel Fernandes against Sarah Miller et al.

The court allowed Nelson H. Greene as receiver of the Ayers National bank to amend the suit brought against Otis E. Taylor, seeking foreclosure, after denying a motion by the defendant to strike the case. The amended

350 People From White Hall Attend St. Louis Ball Game

Business Men Sponsor Trip Monday; Other News of White Hall

White Hall—Approximately three hundred and fifty people from White Hall attended the Cubs and Cardinals ball game in St. Louis Monday including 280 children and sixty or more adults. There were fifty cars and a large truck in the caravan which was escorted from White Hall to the bridge at Alton, crossing into Missouri, and then the caravan was met at the St. Louis city limits and escorted by St. Louis police to the ball park. The trip was sponsored by the Citizens Community club and by the Register-Republican newspaper. This was the second annual excursion to the game sponsored by White Hall business men.

The trip was made without mishap of any kind except that Joseph Lyman had an axle broken on his car while parking by another car in the same party. However it was repaired and ready for the return trip.

SOMETHING OLD—Savings & Loan is Over 100 Years Old

SOMETHING NEW—Air Ships—Sailing Aloft Above Us—

When something sails across our horizon, our curiosity impels us to find out what it all about.

Yet when an established institution develops to a point of having served hundreds of people in our community, financing homes and paying out thousands of dollars in maturities to investors, we take it more or less for granted.

The Jacksonville Savings and Loan was glad to pay to its members thirty-seven thousand dollars this past month—money accumulated through small savings over a period of years. If you are not familiar with Savings & Loan as a safe investment, or a means of paying for a home, ask for names of some of our hundreds of members and let them tell you what they think about—Jacksonville Savings & Loan.

A BELLBOY came out on the porch to call Ann to the telephone. She left Bill, standing there with all his hopes of winning the sun and the moon and the earth and the stars.

The voice on the telephone was Jaime's. He said, "I want to see you, Ann. Please."

The sound of that voice still had a hold on her. His plea evoked her sympathy.

"I'm sorry I behaved as I did on the docks," Jaime went on. "I didn't even stop to say goodbye. That's why I want to see you. I want to apologize. I think you're a swell girl." He added, "I'm leaving for Canada within the hour. I'll drive by to see you in the car."

Ann knew she distrusted Jaime

now, but she gave her assent. When she came back on the terrace Bill watched her closely.

"That was Jaime," she said. "He's on his way to Canada."

"That's funny," Bill said curtly. "He borrowed \$50 from me day before yesterday. I should think he might have let me know if he was leaving."

Ann stared at him, wide-eyed. "Did Jaime need money? Do you suppose he lost so much gambling on the races that he—"

"I didn't know what he wanted with it. It seems that he lives on an allowance—so much a month. He was in a jam, and promised to pay me back today."

Ann's eyes were dark. "Could those missing bonds be disposed of in Canada?" she said.

"Yes."

Ann whirled about, and faced the water. Her throat hurt her. Tears dimmed her eyes.

JAIME did not show up at the Glenwood Inn. By the time he had his bags packed the detectives had come to his room in the big hotel across the lake, and arrested him. One of the guests had seen him prowling around the inn around 1 o'clock the night before. He had come, ostensibly, to find Ann.

They found the bonds in one of Jaime's bags. He broke down then and admitted that he had lost heavily on the races.

Thirteen disabled World War Veterans received various kinds of assistance pertaining to their compensation claims. Numerous affidavits were secured from physicians, employers, comrades and friends of these ex-service men. Three appeals were made in service connected disability claims. One new claim was filed. One veteran's case was favorably adjusted giving the veteran \$30.00 per month permanent and total rating for a non-service connected disability.

Eleven ex-service men received different kinds of help relative to hospitalization. One World War Veteran was admitted to the National Soldiers' Home. One Civil War Veteran was admitted to the State Soldiers' Home. One World War Veteran was admitted to the Veterans' Administration Hospital. A World War Veteran received assistance in making application for admission to the Illinois Soldiers' and Sailors' Home. A claim for admission to a Veterans' Administration Hospital was filed for a World War Veteran. Two Regular Army Veterans requested help in securing admission into Government Hospitals for treatment. Six World War Veterans and a Civil War Veteran are confined in Private and State Hospitals. State and National Soldiers' Homes and Veterans' Administration Hospitals who received some help.

Seven ex-service men or some member of their families received assistance in securing necessary medical care.

The widow of a deceased World War Veteran is receiving assistance in securing information concerning the present welfare of her three children living in the Illinois Soldiers' and Sailors' Children's School, as she has heard nothing from them for several months.

Seven World War Veterans received different kinds of assistance concerning enrollment in the CCC. A veteran who was discharged from the CCC a few months ago, was given help in paying a bill against the Government for clothing, and as the clothing was located, he did not pay the bill. Six new claims were filed for enrollment in the CCC. Two World War Veterans failed to report for their required medical examination. Four Veterans of the World War were enrolled in the CCC this month.

Thirteen World War Veterans received help concerning the payment of the settlement of their Adjusted Service Certificates. Five new applications were made for the final loan on their certificates. Identification of bonds was made for three veterans. A local business man received information concerning the receipt of the settlement of Adjusted Service Certificates of two World War Veterans. Three veterans who had not received their bonds for which they made application a few months ago received assistance in ascertaining the reason for this delay.

Receive Attention

Six Civil War Veterans' cases received attention.

Four Spanish-American War Veterans cases were given assistance. The widow of a deceased veteran requested help in securing an increase in her monthly pension payments. Myers Bros. Begin Extensive Repairs On Store Building

Demolish Brick Structure To Make Way for Added Floor Space

Another move to displace old buildings with new and modern structures has started on North Sandy street. The old brick store rooms in the rear of the Myers Bros. clothing store are being torn down and in their place a new building will be erected to give the Myers store almost double its present large floor space.

The new store rooms which were built by E. A. Hatfield many years ago will soon be leveled to the ground and in their place a one story brick structure will be erected. The contract for the new building has been awarded by Myers Bros. to Smir & Gibson of this city. It is expected that they will be ready for occupancy by November 15 of this year. Carl Meyer of Springfield is the architect.

The brick structure being torn down extends from the rear of the Myers Bros. store north to the alley. It is a two-story building and was constructed originally to be used as store rooms on the first floor and apartments on the second floor. Recently the building has been used as storage rooms with the exception of the room adjoining the Myers Bros. store, which has been occupied for many years as a tailor shop. Messrs. White and Schell who have conducted this shop have moved to a new location over the Walls billiard hall.

All of the space made vacant by the removal of the old store rooms will be used by the Myers Bros. store. The floor space of the clothing establishment will be nearly doubled when the additional building is added, the old floors occupying 4,015 square feet of ground space.

When completed the present store building and added improvement will be one large room with all the space being used by the clothing store. A number of new departments will be added to the present line of wearing apparel, including menswear, secretaries-treasurers of Myers Bros. stated yesterday.

The entire store will be rearranged and departmentalized with the present entrance on the public square, and Sandy street entrance. An upstairs room now being used by the store will be closed.

The exterior of the new building will be of brick and the interior will be modernized to create an attractive store and give additional space to care for growing business. The erection of the new addition to the clothing store will add much to the appearance of this section of the street.

Northwestern U. Bulletin Honors Dr. G. V. Black

"Indeed, it is not the function of the professional school to give its students the highest order of efficiency, but rather to give them such a basis for future study that this, combined with their experience in practice, will round out the fully developed efficiency of the higher order." G. V. Black.

This is the opening and dedicatory paragraph of the quarterly bulletin of the Northwestern University dental school honoring Greene Vardiman Black and cited by them as doing more than any other man "to establish a scientific background for the dental practice."

Simultaneous with the publication of this booklet is the announcement of a biography of this noted man, now in preparation by his son, Dr. Carl E. Black, surgeon of this city, and assisted by his wife, Mrs. Bessie M. Black.

The quarterly contains a contribution by Dr. Black, taken from the biography, "Greene Vardiman Black: His Attitudes."

Robert E. Blackwell, M.S., D.D.S. addressed the dental school of Northwestern University last year, and concluded his address as follows:

"The esteem in which Dr. Black is held by the profession at large may be illustrated by the following personal experience. A few years ago while attending a dental meeting in Toronto, Canada, I was invited to visit the Royal College of Dental Surgeons. The senior class being assembled for a lecture, I was asked to say a few words to them. Dean Webster concluded his very kind introduction of me with the words, 'This man knew Black' with just as much reverence and awe in his voice as though he had said, 'This man knew Lincoln!'"

Birthday Anniversary

This year is the one hundredth anniversary of the birth of this eminent and creative scientist, whom his son, Dr. Carl Black, describes as entirely self-trained. His writings, valuable and alive to the dental profession today, were so voluminous that it requires fifteen pages of ordinary magazine size, in very small type, merely to list the titles. He was also a prolific writer on many subjects not pertaining to dentistry.

Dr. Black's formal education amounted to not more than twenty months of country school training over a period of a few years. He was skilled, practically and with scientific accuracy, in the study of botany, was a skilled woodsman. At the age of 25 he sang tenor in musical organizations, played the flute, violin, cello, double bass, cornet, piano and church organ. Dr. Carl Black says in his article that there is no record of a formal music

lesson, and continues to comment on another of the profuse talents. "The last of his aptitudes to find expression seems to have been that of art. He made good pencil sketches, crayon portraits, pen and ink drawings and portraits. His books are full of illustrations from his own pen, and his papers were voluminously illustrated. He was an expert mechanical draftsman, and prepared specifications and drawings for many instruments of precision."

Identification Coincidence

Green V. Black's identification with the dental profession was perhaps a coincidence which fitted in with his extraordinary powers of using the details of his observation toward a practical end. He had not received formal medical or dental training. In 1853 he studied medicine as he lived in the home of an older brother, Dr. Thomas G. Black, in Clayton, Illinois. He came under the influence of two dentists, Dr. J. C. Speer of Mt. Sterling, and Clark Roberts in Winchester. Dr. Black's first practice was in Winchester.

From that time his abilities and talents would not confine themselves to mere practice. He began experimenting with the microscope, actually improving an early model ordered from Germany. He delved into every branch of dental surgery and devoted time to extensive research.

He taught in Missouri Dental College, University of Iowa, Chicago College of Dental Surgery and at Northwestern University. One example of the scientific strides with which he carried dentistry and its practice forward to a modern concept is illustrated in this quotation from the quarterly:—"Dr. Black's system of cavity preparation is the only one worthy of the name."

And this man, whose formal school was to all purpose a minus quantity, was honored with advanced degrees by the Missouri Dental College, Chicago Medical College, Northwestern University and the University of Pennsylvania.

The quarterly includes also this comment:

"This issue of the Dental Research and Graduate Study Quarterly is dedicated to Greene Vardiman Black—born one hundred years ago—the man who initiated research at Northwestern University Dental School; who more than any other man established a scientific background for dental practice. His contributions to his profession and to humanity are beyond measure, for the inspiration he gave his heirs transcends in importance our human limitations of his tangible accomplishments."

Short Tale of Long Tailed Shirts Holds Interest at Store

Few tales are told of the tail of a shirt, but the exhibition of a most unusual garment of this type in the city yesterday rated a good story. Henry W. Sommers, employee at Montgomery Ward store, was showing a shirt that his wife had received from relatives in Germany. It is a family heirloom, 65 years old, and hand woven.

The ordinary conception of a home-made shirt of that vintage would be a crude, dark colored "backwoods" pullover. This one was pure white, with no detectable fading from the years of storage in a trunk. It was long, would reach almost to an average man's knees, and was of the formal type.

The smooth, woven linen is made with a stiffly structured "front" or bosom, with plaits of varying sizes. There is a button tab for connection with the old-fashioned breeches. The cuffs are unusually short. The material showed no signs of rotting or wearing in any place.

All of which went to make up a short tale of a long-tailed shirt.

Plan Community

Picnic in Scott

County Aug. 19

To Benefit Glasgow Cemetery Fund; Other

News Notes

Glasgow, Aug. 11.—Although the last outdoor event of Glasgow's centennial year, the Community Picnic and Homecoming on Wednesday, August 19, promises to not be the least, but instead one of much interest to everyone attending the event.

A fine program is being arranged and general dinners, burgo soup, fish and fried chicken will be served during the noon and supper hours.

Among the main features to be presented on the program are the Pawnee Four, one of the state's leading male quartets, orchestra music by Bowen's 5 piece orchestra from White Hall, the reunion of all former Glasgow school teachers and their program, big drawing for a basket of groceries, cake prizes and numerous interesting contests for both young and old.

The proceeds of this picnic and all cash donations are to go into the Glasgow cemetery fund.

Farmers Meet

A meeting and speaking sponsored by the Scott County Farm Bureau and the county committee was held in the village park Monday afternoon for the purpose of explaining the new rulings of the Conservation Program to our local farmers.

Soil testing was also carried out during the meeting.

Those speaking were Scott county Farm Advisor Reed, Dave Leonard and Clyde North.

Couple Charivariad

A group of local young people carried out a charivari on our newlyweds, Mr. and Mrs. Grant Wishon, Monday evening at the home of the bride's parents, Mr. and Mrs. Bert Drummond. The couple were married in Pittsfield early last week. The groom is the son of Leonard Wishon, near Alsey.
